

Noah A. Cox

325 W Adams Blvd. #5179, Los Angeles, CA 90007 | (508) 815-9754 | nacox@usc.edu

EDUCATION

University of Southern California, Dornsife & Viterbi School of Engineering

Los Angeles, CA

Physics & Computer Science

Current Student-Expected Graduation Dec. 2028

Minor: Astronautical Engineering

GPA: N/A

Bunker Hill Community College

Boston, MA

Associates of Science in Computer Science

Jan. 2023-May. 2025

Minor: None

GPA: 3.95

Awards: Massachusetts Academic Team, Coca-Cola Academic Team (Gold Scholar), & President's Award

WORK EXPERIENCE

House of Blues

Boston, MA

Event Staff

Aug. 2023-May 2025

- Adapted quickly to changing situations, demonstrating flexibility and teamwork under pressure.
- Implemented new ways to help new staff learn and apply new knowledge to everchanging job environments.

BBI Contracting & Restoration

Quincy, MA

Private Contractor

May. 2024-August 2024

- Managed project timelines and resource allocation using software tools, ensuring on-time delivery.
- Implemented best practices for documentation and reporting, enhancing overall project visibility.

General Healthcare Experience in Various Locations

Melbourne, FL

Building Service/ Student Nurse

Sep. 2021-May 2023

- Managed project timelines and resource allocation using software tools, ensuring on-time delivery.
- Implemented best practices for documentation and reporting, enhancing overall project visibility.

LEADERSHIP AND INVOLVEMENT

USC Rocket Propulsion Laboratory

University of Southern California

Member, Composites Team, DAQ, Analysis

Aug. 2025-Present

- Conducted strain testing on structural components to evaluate material performance under load.
- Fabricated and assembled composite nozzles using carbon fiber and high-temperature resins for propulsion applications.
- Analyzed propulsion test data to validate theoretical models and guide design refinements.

SKILLS

- Project management: scheduling, task delegation, milestone tracking, documentation
- Technical & collaboration: systems integration, technical liaison, team mentoring
- Tools & basic fabrication: experience with shop/power tools and contracting
- Languages: English (Native), French (Beginner), Chinese (Basic), Japanese (Learning)

PAST EXTRACURRICULARS

STEM Club / NASA Minds — Lead role (research & team coordination) | 2024-25

- Directed a student team in developing an aerospace prototype aligned with NASA MINDS mission objectives.
- Coordinated research, task delegation, and milestone tracking to ensure project delivery under strict deadlines.
- Served as liaison with faculty and NASA engineers, integrating technical feedback into project development.

Phi Theta Kappa — Chapter officer and project lead| 2024-25

- Held progressive leadership roles (Member → VP of Scholarship → President) supporting chapter growth and engagement.
- Spearheaded a collaborative documentary project with a professional film company to highlight diverse student experiences.
- Organized outreach and interviews with underrepresented students, ensuring inclusive representation in research initiatives.

Code Constructors — Treasurer | 2025

- Managed club budget, tracked expenses, and maintained financial transparency for projects and events.
- Supported peer collaboration in coding workshops and project development initiatives.
